# LES COLLINES DE LAURE BLANC

*Jean-Luc Colombo*  
VINS COLOMBO

## DETAILS OF PRODUCTION

"Les Collines de Laure" (The Hills of Laure) brings together a blend of grapes from the Rhône and Provence with grapes chosen from carefully selected parcels in the best terroirs. This is a lovely fusion of regions where the Provençal grape Rolle (aka Vermentino) joins Viognier in a textured, weighty yet elegant white. Traditional vinification, with a long fermentation at low temperature is then followed by bottling quickly to preserve the wines wonderful freshness and fruit.

## TASTING NOTES

A bright yellow color with green highlights. Delicate nose with hints of fennel, white peach and pear. The palate is fresh and structured, nicely rounded, with a surprising long finish.

## HOW TO SERVE

Pairs perfectly with a pissaladière, wild asparagus in omelette, fritters of corquette flowers or simply as an aperitif. To be drunk in its youth. Serve chilled to 12°C
