# LES GIRELLES, PICPOUL DE PINET

*Jean-Luc Colombo*  
VINS COLOMBO

## DETAILS OF PRODUCTION

"Les Girelles" is named for the Rainbow Wrasses found in the Mediterranean. The vines are planted on light, stony limestone soil on a plateau surrounded by pine forests and overlooking the lake of Tau. The Mediterranean climate and vegetation (thyme, lavender, oaks and pine trees) with the maritime influences imbues this Picpoul de Pinet with fantastic freshness and fruit. Les Girelles is vinified traditionally, with a long fermentation at low temperature followed by quick bottling to preserve its freshness and fruit.

## TASTING NOTES

A bright yellow colour with green highlights. The nose is rich and subtle, with fresh notes of white flowers. The palate is nicely rounded and very fresh with good structure and a nice palette of aromas.

## HOW TO SERVE

Pair with small fried fishes, goat cheese or with a seafood platter shared with friends! To be drunk in its youth. Serve chilled to 12°C

### VINTAGE

2018

### STYLE

White

### BLEND OF GRAPES

100% Picpoul Blanc

### WINEMAKER

Jean-Luc Colombo

### ALCOHOL

13%
